DETAILED ACTION

1. Applicant's Proposed Amendment filed 01/24/2006, resulting from the discussions in the Personal Interview on 12/05/2005, has been reviewed and placed of record in the file.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. This application is in condition for allowance except for the presence of claims 13-20 to an invention non-elected with traverse in the reply filed 05/25/2005. However, the traversal has not been found persuasive, as detailed in the office action mailed 06/16/2005, and the election has been treated as an election without traverse (MPEP § 818.03(a)). Accordingly, **claims 13-20** have been **cancelled**.

Allowable Subject Matter

4. Claims 1, 3-8, 10-12, and 21-23 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a semiconductor device with all exclusive limitations as recited in claims 1, 8, and 21, comprising a substrate; an insulating film formed above the substrate and

including a metal, Si, N and O; and an electrode formed above the insulating film; the insulating film including metal-N bonds distributed throughout the thickness of the insulating film in an amount of 1 atomic% or more.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
